The final phase of this work was supported by funding from Hennepin County Emergency Management and the following watershed districts located within the county: Lower Minnesota River Watershed District, Riley Purgatory Bluff Creek Watershed District, Nine Mile Creek Watershed District and Mississippi Watershed Management Organization.

This work won the 2019 Minnesota Department of Transportation Environmental Stewardship Award for Risk, Resilience & Response.

Contents

1. Abstract	5
2. Legal Disclaimer and Distribution	6
3. Introduction and Recent Events	7
4. Objectives	9
5. Geologic Assessment Overview	10
6. Minnesota River Valley Landslides	12
7. Mississippi River Gorge Landslides	20
8. Small Landslides	29
9. Weather and Climate Correlation	33
10. Hazard Assessment and Risk Analysis	37
11. Indications and Alerts	41
12. Landslide Reporting	45
13. Prevention and Mitigation Measures	49
14. Emergency Response	53
15. Recovery	58
16. References	61
17. General Geologic Maps	64
18. Hennepin County Landslide Hazard Atlas	72

Note: The Hennepin County Landslide Reporting Form can be found on page 48 and an online version at hennepin.us/landslide.
